

PERSONAL INFORMATION

An illustrator, photographer and a freelance designer

Worked for 4 years as a graphic designer in various fields like medicine, advertising, architecture, teaching and social media.

An easy going social person ,fast learner, good teacher, innovative, persuasive and passionate for creativity based on new information.

experience with a lot of Graphic Design mediums design like Packaging ,Branding, Social Media Designs, Printing, Character Design, VR ,and Photography.

Found talents and refined them to get them to become their best self while working as a graphic design teacher.

A team player with the ability to work as a lone wolf, who always fall down running, and I'm ready to relocate to other places or countries to work with any design studio.
