## PERSONAL STATEMENT

As a software engineer with a computer science degree from Al-Quds University and a full-stack development certification from Elevation Bootcamp, I bring a wealth of experience and expertise to the table. I am proficient in modern web development technologies such as HTML, CSS, JS, React, Redux, NodeJS, Django, MongoDB, and MySQL. My goal is to work as a software engineer, using my skills to design and develop applications to meet the unique needs of clients. I am eager to join a team of motivated individuals working towards the advancement of the company and its objectives.

## EXPERIENCE

### [The Rental Network | 2022](#)

- Led the development of an E-commerce renting website that allows users to rent a product or post one to be rented
- Utilized technologies such as ReactJS, NodeJS, MongoDB, and joi.

### [If Charity | 2022](#)

- Managed the development of a full-stack project making it easier for people to find and donate to charities.
- Utilized technologies such as Node.js, MongoDB, and jQuery,

### [Face Recognition | 2021](#)

- Built a Face Recognition system using three different machine learning algorithms.
- Successfully designed and implemented a robust face recognition system, resulting in increased accuracy and improved user experience.

## EDUCATION

### **Sep 2018- Jun 2022 | Computer Science, Al-Quds University**

Designed and built Trip Palestine, an electronic platform promoting local tourism in Palestine, as the graduation project. Utilized technologies such as Node.js, MongoDB, joi, Nodemailer, and Cloudinary to deliver a user-friendly platform that encourages local tourism and economic growth.

Trainings:

- Web Development Training, Al-Quds University | 2021
- Python Programming Training, Al-Quds University | 2021

### **Jun 2022 - Sep 2022 | Full Stack Web Developer, Elevation**

An industry-based intensive 3-month coding Bootcamp which covered the entire MERN stack and beyond. Built a number of end-to-end projects from scratch while adhering to solid OOP principles and communicating with a number of API's

## TECHNICAL SKILLS

### **Languages**

JavaScript (Node.JS/ES5/6),  
Typescript, Java, Python

### **Frameworks**

ReactJS, React Native,  
Express, Django, Redux,  
MongoDB, MySQL

### **Technologies**

jQuery, HTML, CSS, Sass,  
Materialize, Bootstrap

### **Tools**

Git, Working in  
collaboration in GitHub,  
Postman, VS Code, Heroku,  
Trello

## LANGUAGES

### **Arabic, English**

Full professional proficiency
